

PARENT'S IMMUNIZATION RECORD

Sunnymont Westside Parent Participation Nursery School
15040 Union Avenue, San Jose, CA 95124

Sunnymont-Westside Parent Participation Nursery School is a parent participation school. Both our licensing agency and the Health Department require that volunteers (participating parents) have proof of the following immunizations.

We are not allowed to let you work in the classroom until we have this information.

FYI: We are also required to have proof you received an annual flu shot between August and December, or a signed statement that you are refusing to receive the flu shot. But we won't be worrying about that until the fall. Should you get your flu shot in August, though, save the paperwork to turn in.

For both measles and pertussis, we need either:

- The results of a blood test showing your immunity
- A receipt or medical record showing you received the immunization
- A statement from your physician (use the form below.)

Please have your physician complete and sign the following:

Participating Parent's Name: _____

Child(ren)'s Name: _____

IMMUNIZATION	PROOF OF IMMUNITY	IMMUNIZATION GIVEN	DATE GIVEN
Pertussis (whooping cough)			
Measles			

Signature of Physician: _____ Date: _____

Physician's name & address:
